Objective

Aspiring Data Scientist with a strong foundation in Python, SQL, and Data Analytics. Currently in the 5th semester of a Data Science degree, equipped with in-depth knowledge of programming, statistical analysis, and machine learning concepts. Seeking opportunities to gain hands-on experience and work on impactful projects.

Education

B.Sc. in Data Science (5th Semester)
Calcutta Institute of Science and Management
Affiliated with Maulana Abul Kalam Azad University of Technology, West Bengal
2022 – Present

- **Key Subjects:**
    - Programming: Advanced Python, Data Structures, Web Intelligence, Programming Foundations with Python
    - Data Analysis: Data Visualization (Power BI), SPSS, Data Warehousing, Regression Analysis, Hypothesis Testing
    - Statistics and Mathematics: Statistical Theory, Probability, Linear Algebra, Time Series Analysis, Generalized Linear Models
    - Data Science Foundations: Databases (DBMS), Data Mining, Artificial Intelligence & Machine Learning, Data-Driven Decision Making

Higher Secondary Education (Science Stream)
Gournagar High School
West Bengal Council of Higher Secondary Education (WBCHSE)
2022

- **Marks/Percentage:** [Your Marks/Percentage]
- **Key Subjects:** Mathematics, Physics, Chemistry

Secondary Education
Gournagar High School
West Bengal Board of Secondary Education (WBBSE)
2020

- **Marks/Percentage:** [Your Marks/Percentage]

Skills

- **Programming Languages:** Python (Advanced), SQL
- **Data Analysis Tools:** Power BI, SPSS, MS Excel
- **Core Competencies:**
  - Statistical Analysis (Hypothesis Testing, Regression Analysis, Time Series)
  - Data Visualization and Decision-Making Models
  - Generalized Linear Models and Machine Learning Basics
  - Database Management and Data Mining
- **Mathematics:** Discrete Mathematics, Linear Algebra

Projects

Projects in progress. Currently working on applying data analysis techniques and machine learning algorithms to practical scenarios.

Certifications

To be updated. Pursuing certifications to strengthen technical expertise.

Experience

Currently a fresher, actively seeking internships or entry-level roles to gain hands-on experience in data science and analytics.

Achievements

- Consistent academic performance with hands-on experience in coursework-related practicals.
- Gained a comprehensive understanding of Python programming, data visualization, and statistical analysis.
